

FOR IMMEDIATE RELEASE

### **Select Security Hires Operations Manager**

**Lancaster, PA, July 18, 2008** – Select Security recently hired Don Flory to assist in the operations and customer service department.

Donald was hired as our Operations Manager and will be overseeing both the customer care and inventory/purchasing departments. Don comes to us from Keystone Custom Homes, having spent almost three years there as a supply chain manager; and from 84 Lumber, where he was an account executive for 7 years. Part of his responsibility at Select Security will include cross-training our customer care team on inside sales and providing continual training for the department.

According to Mr. Egan, “After a long search to fill this challenging position, we were pleased to have found someone with Don’s background and experience. We welcome Don to our team.”

**ABOUT SELECT SECURITY** - With over 35 years of experience and expertise, Select Security helps our customers find affordable security systems customized to meet their individual needs. We offer traditional burglary, fire alarm, digital video surveillance, and access control systems. We have a “Best in Class” Customer Care & Service Center and offer 24/7 monitoring in our CSAA 5-Diamond Certified, UL-Listed and Factory Mutual approved Central Station. For additional information about Select Security, please contact Christopher Ray, General Sales Manager, at 877-877-0345.
